

The graphic features a large, stylized 'AI' in white outline font. To the right, a 3D rendering of a humanoid robot with a white body and glowing blue eyes is shown. The robot's hands are positioned as if interacting with a digital interface. The background is a dark, textured blue with various glowing green and yellow digital elements, including bar charts, pie charts, and circuit-like patterns. The text 'FOR YOUTH PROGRAMME' is in white, and 'FULLY FUNDED' is in a bold, yellow font.

AI

FOR YOUTH PROGRAMME FULLY FUNDED

Attention all ambitious young professionals aged 18-29 with a passion for the exciting world of Artificial Intelligence (AI). If you're looking to break into this cutting-edge industry, help shape the development of technology in Africa and drive diversity and inclusion, we've got just the programme for you. This unique initiative is specifically designed to encourage individuals without AI, Machine Learning (ML), or Science Technology Engineering & Maths (STEM) backgrounds to explore the field and discover how it can transform their careers.

With a focus on inspiring young African professionals, this fully funded bursary programme is your chance to gain a deeper understanding of AI's development and its impact across a range of sectors – both locally and globally. Don't miss out – apply today and take the first step towards an exciting future in AI!

THE PROGRAMME

- The programme is giving special training with the introduction to AI, AI search, and robotic solutions
- Lectures delivered by AI professionals
- One-on-one mentorship
- AI4nonAIs Certification from the AICenter Sweden
- Listing on AICenter Sweden certification portal

DURATION

- 6 weeks
- 5 mandatory lectures once a week
- 5 voluntary supervised sessions once a week (Participants to book a session with the lecturer)

APPLICATIONS CLOSE FRIDAY, 26 MAY 2023
